

Japanese Entrepreneuers visit Mozambique

A Japanese mission of 50 people among the senior government representatives of some Japanese big companies such as Mitsubishi Corporation, Mitsui, Komatsu, Sumitomo Corporation, and Toyota Tsusho Africa will visit Mozambique between 2nd and 4th of September 2008.

The visit is under the realization of the IV International Conference of Tokyo for Africa development (TICAD), held in Yokohama, the Japanese town last May in which Mozambique was represented by a Delegation led by Armando Guebuza, the President of The republic of Mozambique.

From this delegation of 50 members, 30 people are interested in exploring opportunities in infrastructure, banking, manufacturing, energy, trade and natural resources, among others. In the scope of this mission, following the Investment Promotion Centre (CPI), there will be a business seminar to be held at Joaquim Chissano International Conference Centre, in Maputo city.
